Computer Engineering/Computer Science/Informatik

EXPERIENCE

> TESTING - BUG FIXING

DEC 2019

Testing and bug fixes in the development process of Crillo app. With Crillo app i had the opportunity to work in ITU Cekirdek.

> FLUTTER DEVELOPER

DEC 2019

Worked in a Team called "Lime Budgie" in order to develop Flutter apps. One of our apps got us to ITU Cekirdek and \$10.000 Digital Ocean credit.

> LONG TERM INTERN AT VENDROPS TECH

SEP 2020/ FEB 2021

I learned the fundamental parts of the backend web programming using Node.js, Express.js, Gatsby.js. I created a Documentation page of the product using Gatsby.js. I learned the fundamentals of Testing. I learned and used Whitebox Testing, Blackbox Testing, Monkey Testing, Unit Testing and used them when testing the project. I helped the team in the creation of Facilera Tasks App by flutter development, bug fixing and testing. Learned the real life usage of Agile Methodology and SCRUM.

> FLUTTER DEVELOPER AT PLATRI GMBH.

FEB 2021/

Currently in the working at a project called "Dance Flavors" at Platri GmbH. Learning state management and using BloC pattern.
